

## Alberta Floods Fund-raising Initiative for Southern Alberta Housing Co-operatives Affected by Flood 2013

Recent flooding has devastated many people and communities in Calgary and the surrounding area of Southern Alberta. Amazing Calgarians are coming together to help our city; and the Southern Alberta Co-operative Housing Association (SACHA) would like to do the same for the housing co-operatives that have been impacted by the flood.

We know that the Sunnyhill and Hi-Wood Meadows Housing Co-operatives have been severely damaged by the flooding. SACHA is in the process of gathering resources and support to help alleviate the impact of this crisis. However, we cannot do this alone.

### HOW YOU CAN HELP US

We are organizing a fund-raising effort across Canada and are asking all Federations to help us. If you are able to circulate this request to your member co-ops to ask them to support our effort it would be greatly appreciated.
