Hosted by Sunnyhill Housing Co-op

ABOUT THE WORKSHOP

The workshop explores the board's role in Governance and Management and is a great way to:

- Introduce new board members to the range of directors' responsibilities and available tools for governing.
- Inform members and potential candidates for the board of how governance and management form a successful team. It can be a stepping stone for future involvement on the board.
- Offer a review of the different responsibilities of directors and management and is an opportunity for serving directors to share insights on how boards, members and staff can work effectively together.

We will discuss how your co-op can get the desired results from:

- Providing good governance
- Ensuring sound management
- Developing financial literacy
- Understanding the board's legal obligations
